The Physics Colloquium, a series of public lectures hosted by the Faculty of Physics of the University of Vienna features internationally renowned speakers covering the full breadth of our fields of research.

These Colloquia bring together the entire Faculty, including students, to foster our spirit of community and promote a stimulating exchange of ideas from the frontiers of science.

Events in the Summer Semester 2024

Mondays at 13:30–15:00

Preceded by a light lunch buffet at 13:00

Lise-Meitner lecture hall

Faculty of Physics, University of Vienna
Strudlhofgasse 4, 1090 Vienna

15 April 2024

Andreas Stohl

University of Vienna, Austria

Atmospheric transport modeling and its applications

13 May 2024

Hans Jürgen Briegel

University of Innsbruck, Austria

Towards explainable AI in quantum science

17 June 2024

Silke Bühler-Paschen

Technical University of Vienna, Austria

Quantum phases driven by strong correlations

Supported
by the Vienna
Doctoral School
in Physics
