

The Vienna Doctoral Programme on Complex Quantum
Systems invites you to a

Seminar Talk

by

Lorenzo Maccone

University of Padua

"Quantum time"

I give a fully quantum treatment of time in quantum mechanics. It requires an extension of textbook quantum mechanics. Some philosophical and foundational considerations on the meanings of time will be given.

**Monday, 20 January 2020,
16:30h get-together with coffee and snacks!**

Lise Meitner Hörsaal, Strudlhofgasse 4, 1st floor, Vienna

The seminar talk will be preceded by a CoQuS Student talk at
17:00h by

Benedikt Gerstenecker

TU Wien

"A Compact Atom Interferometer with Tunable Interactions"

Hosted by: Caslav Brukner
